Ordering samples & kits 20211020
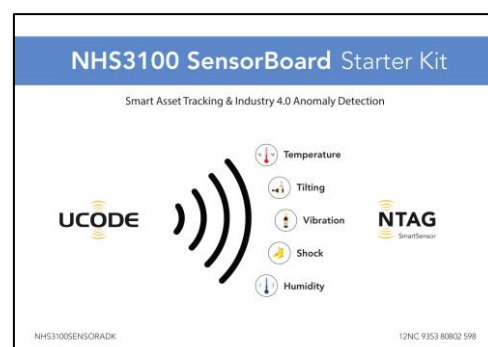

NHS3100 Temperature Logger ADK

- The *Application Development Kit* contains everything to start developing a custom solution around a cold chain use case.

- **Product type**: NHS3100TEMOADK
- **12NC**: 9353 08624 598
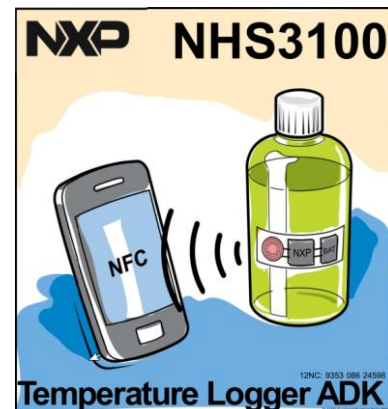

NHS3100 Sensor Starter kit

- The application development kit contains everything to start developing a custom solution around condition monitoring: temperature, acceleration-related events such as shocks, and humidity.

- **Product type**: NHS3100SENSORADK
- **12NC**: 9353 80802 598

NHS3100 UCode-I2C starter kit

- The application development kit contains everything to start developing a custom solution around a supply chain use case.

- **Product type**: NHS3100UCODEADK
- **12NC**: 9353 62162 598

NHS3100 Therapy Adherence ADK

- The *Application Development Kit* contains everything to start developing a custom solution around a therapy adherence use case.

- **Product type**: NHS3100THADADK
- **12NC**: 9353 08627 598
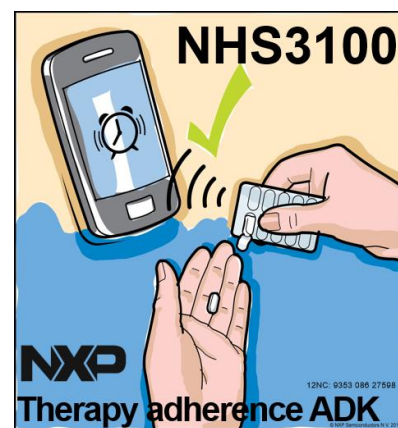

NHS3100 Demo PCB

- A single PCB containing an NHS3100 HVQFN24 IC and a CR1225 coin cell battery.

- **Product type**: NHS3100TEMODB
- **12NC**: 9353 08625 598

NHS3100 UCode-I2C PCB

- A single PCB containing an NHS3100 HVQFN24 IC, a UCODE-I2C SL3S4021 and a CR1225 coin cell battery.

- **Product type**: NHS3100UCODEDB
- **12NC**: 9353 62163 598

NHS3100 Sensor PCB

- A single PCB containing an NHS3100 HVQFN24 IC, an FXLS8972 MEMS accelerometer, UCODE-I2C SL3S4021, a 3rd party humidity sensor and a CR1225 coin cell battery.

- **Product type**: NHS3100SENSORDB
- **12NC**: 9353 7844 598

NHS3100 IC

- NHS3100 ICs in a heatsink very-thin quad flat no-leads package with 24 pins.

- **Product type**: NHS3100/A1
- **12NC**: 9353 07303 515

NHS3100 IC

- NHS3100 ICs in a wafer level chip-size package with 25 bumps.

- **Product type**: NHS3100/UK
- **12NC**: 9353 07749 012

NHS3100 IC

- NHS3100 ICs in a wafer level gold-bumped package with 8 bumps.

- **Product type**: NHS3100W8/A1
- **12NC**: 9353 08967 005

NHS3152 IC

- NHS3152 ICs in a heatsink very-thin quad flat no-leads package with 24 pins.

- **Product type**: NHS3152/A1
- **12NC**: 9353 07865 515

NHS3152 IC

- NHS3152 ICs in a wafer level chip-size package with 25 bumps.

- **Product type**: NHS3152/UK
- **12NC**: 9353 07926 012

LPC-Link2

- An extra debugger board used as a link between your development station and an NHS31xx PCB.

- **Product type**: OM13054
- **12NC**: 9353 00265 598
